# Metropolitan Express

“Metropolitan Express is an independent specialist transport company. The needs of our varied client base make it imperative that our fleet of over 100 vehicles is as versatile as possible. Tieman has been our preferred supplier of hydraulic tail lifts for many years because of their reliability and proven performance. The applications requiring lifting equipment range from gas cylinders to palletised stock. The advice and service received from Tieman has been first rate and invaluable when quoting for difficult applications. A recent acquisition includes a D Hollandia DHLSUA 2000kg aluminium platform tail lift. Metropolitan Express is all about forming lasting service partnerships with like businesses such as Tieman”. – *Directors, Tony Van Keulen and Sam Pantou.*
